Principal's Message

Dear Families

What a term! There has been a lot going on but our big news is that finally after months of waiting our construction work is beginning.

As with our Asphalt refurbishment, there will be some access issues but we are working closely with builders to ensure that things run as smoothly as possible. There are some things that you will need to know for the holidays and beginning of next term.

Asbestos Removal – THIS SATURDAY AND SUNDAY there will be asbestos removal happening. This means that UNDER NO CIRCUMSTANCES CAN ANYONE BE ON SITE DURING THAT TIME. We will let all students know this tomorrow but please remind your children. The school will be cleared and safe on Monday. This means that VACATION CARE will run as normal and neither Vac Care nor OSHC will be impacted by the construction.

Path and carpark access

KISS AND DROP will continue as normal. This will not be impacted by the construction.

There will be several areas that will have restricted access.

The carpark by the canteen will be fenced off for the duration of construction. I have tried to speak to everyone this impacts on and we are looking at other alternatives. There will still be a path for students to access the Asphalt from KISS AND DROP.

There will also be fencing that blocks the path along the front of the building. Students will need to walk on the other side of the driveway.

Tradespeople

All tradespeople working on site have a current Working with Children Check and have experience working in school sites.

Timeline

The construction team will be working really hard to achieve a completion date of 21st June (Week 8 Term 2). I will keep you updated of any changes to this.

Thank you again to all of you for your ongoing support, patience and flexibility. Happy Holidays.

Denise

At assembly on Tuesday our 2024 House and Class Leaders were sworn in. We congratulate everyone who has won a student leader role for 2024 and look forward to seeing the difference you make to our school community.

Students were introduced to cubism and artworks by Pablo Picasso. Students were asked to think about Picasso's techniques and create a cubist portrait displaying different styles of their own cubism inspired portrait. Each student has created their unique way to portray the human face.

Parent and Caregiver
info session & morning tea

We invite all parents and caregivers to join us for an information session focused on the Zones of Regulation with leadership, our Autism Inclusion Teacher and Kathryn Mahadeva from the Self-Regulation Service.

Come to learn more about how we use the Zones at MSPS and tips and strategies for home.

Small children are welcome to come and play, while you enjoy the morning.
